
PRESS RELEASE – Kingsville, Ontario – May 23, 2011

The Board of Directors of Adjuvants Plus announces the addition of a new member to their Executive Team effective immediately.

T. (Terry) A. Clark – has joined Adjuvants Plus as **Director, Global Market Development**. Prior to joining Adjuvants Plus, Terry had an extensive career in agri-business in the crop protection and animal health industries and most recently, as a consultant, focusing on strategic planning and business development in the agri-foods sector. Terry's experience has included assignments in Canada, the U.S. and in the Asia Pacific region; all areas of interest to Adjuvants Plus as we continue to evaluate opportunities for expansion in global markets. As the newest member of the team, Terry will serve as the primary contact for Marketing and Sales and will lead the organizations Global Marketing Strategy.

Adjuvants Plus Inc. is an Agricultural Research and Development Company that creates market ready patented products that offer superior performance with optimal health and safety benefits as well as minimal or positive impact on the environment. We are currently directing our efforts towards three patented or patent pending opportunities in the Crop Protection, Organic Inoculant and Function Food/Feed areas.

The Executive Team is now comprised of a total of five key personnel and officers of the company.

William G. Brown, PhD. is also a Director with a long history of research, communication, marketing and sales and has developed and shepherded the water conditioner - micronutrient and biological endophyte technologies that are gaining acceptance and sales around the world.

Allan S. Hamill, PhD. is a Director with research responsibilities. Al had an extensive career with Agriculture and Agri-Food Canada as a Weed Scientist and will continue that area of expertise helping us test and develop our new acid technical actives and water conditioners.

Jim F. Stewart, BScF. MScF. RPF. is a Director with an extensive background of experience with senior positions within several multinational companies. His experience in research, registrations, communications, market development and patent application have enabled Adjuvant Plus to assume an increasingly important role in the Agricultural and Biological use marketplace.

John J. Toews, CGA. CMA. as Secretary Treasurer and CFO is charged with the role of keeping the company on course and on budget through project management.
